FEATURES

Designed for demanding environments

- Fully boarded seat, back and arms create an exceptionally strong frame
- Base board fitted to prevent access to internal construction for hiding inappropriate items
- The solid boarded construction gives increased weight and restricts unwanted movement.
- High-density flame-retardant foam used for long durability
- Fixed back cushions
- Removable seat cushions
- Frame and seat cushions upholstered in severe contract fabric with full certification available
- Feet constructed from solid beech and fitted with security screws
- All items fitted with removable arms and available in three design options (see above options)
